CONFIDENTIAL

This process is completely confidential with our board of directors. If there are further questions, please do not hesitate to reach out to us.

ABOUT

The Mike Kaye Athletic Fund was formed in 2017 in memory of Mike Kaye, who was a huge supporter of county athletics and giving back to the community. Mike donated his time for many years helping coach softball and basketball. Although Mike's daughters only attended Sevastopol, he enjoyed a good match-up of any sport throughout the county. To continue his vision, the Mike Kaye Athletic Fund was founded.

HOW IT WORKS

If you or a family you know is struggling to provide the necessary equipment to participate in athletics, we want to help! Examples would be, but not limited to baseball/softball gloves, basketball shoes, running spikes, swimsuits, wrestling gear, practice clothing, athletic participation fees, etc. Once the child and family have been identified the process will become fairly simple. The parents, student-athlete, or coach will fill out the Athletic Equipment Donation Request form for a list of items needed. Once it is received and approved by our board of directors a representative of the foundation will contact you using the information provided on the request form to give the details on how to pick out the items needed.
